the Forrest Sisters, and others. CANTERBURY .- The Zanfretta Troupe enter upon the third and last week of their engagement by appearing in the trick pantomime en-titled "The Devil's Mill." Manager Sinn has effected an engagement with Mr. E. Fouche, late of Wallack's Theater, N. Y., and he will also appear to night, together with his fine ballet corps. Regular Concert Hall bill berides. To-morrow afternoon there will be a monster matinee, for the benefit of Mr. Bishop.

VARIETIES .- The interesting play, "A Glance at New York," which was heretofore performed very acceptably at the Varieties, has been revived, and will comprise part of the entertainment to-night. The regular perform. ance by the company, consisting of song, dance and Ethiopian eccentricity, will also be given. Agnes Sutherland will sing new songs.

ODD FELLOWS' HALL - A theatrical entertalement will be given to-night at Odd Fellows' Hall; a testimonial benefit having been offered to Mr. H. A. Hancker by his theatrical friends. including Messrs. John Connolly, under age. John F. McCaddin, furnished substitute + Eschard Lee. Joshua B. Jackson, error in enrollment

John Malone, in service 2d of March. Richard Hillier, furnished substitute-U.S. Schuster.

Persons desiring to make claim of exemption should not attempt to get before the board till within a few days of the time they are notified to report. Many, who were not required to report till September have been coming forward to the exclusion of those who were to report earlier. Hereafter those ordered to report at early dates will be admitted in preference of those who have a long time before them. The substitute market is more active than for

the first few days of the sitting of the board, and on Saturday there was a decided advance. Those willing to become substitutes have learned their own value in the market, and seem inclined even to increase it. Some received on Saturday as high as \$275 in hand, exclusive of the margin of the agent. Not withstanding this, every one that desires a substitute can be supplied. Very few persons are paying the \$300 commutation money, preferring the safer plan of placing men in the field that are certain to them for three years.

SERIOUS EXPLOSION AT THE ARSENAL .- On

Friday afternoon, a serious explosion took place at the Washington Arsenal, by which several persons were burnt, one or two seriously. It appears that seven orduance men and one cittien were opening cartridges under a shed near the whart which had been condemned, having get damp in the hold of the vessel in which they had been brought here. The balls and caps were being detached, while the damaged powder was placed in a barrel, which, when nearly tall, was dumped overboard. By some cause as yet unknown, the powder in the barrel (about 160 pounds) exploded, see ing off, also, a pile of cartridges, injuring the following: $-\mathbf{W}\mathbf{m}$. lebuson, badly burnt and internally injured. since died; Fred'k Herman, seriously burnt and internally injured, but little hopes of his recovery; John Penn, badly burnt; Phillip Kletz,
— Corkins and the citizen, face, arms and hands burnt, but not seriously. Johnson and Klotz, as soon as the explosion took place, jumped overboard. The workmen from the various shops ran out at once and helped the injured men to the hospital of the post, where they received prompt attention from the surgeen in charge. Johnson, however, was so seriously injured that his death took place on Saturday afternoon, and he was buried yester. day with military honors in the Congressional Cemetery. Herman still lies in a precarious

for his recovery; but all the others are improving, and will soon be on duty. The cause of the explosion is not known with certainty, but it is supposed to have been from a percussion cap of a breach-londing cartridge, which had not fallen in the box intended for it, being rubbed by the bottom of the box which one of the men was moving at the time. The affair, however, will be fully investigated.

condition, and but little hopes are entertained

INCREASED FACILITIES .- At a late meeting of the directors of the Washington and George-town street railroad company it was determined to largely increase the facilities for travel on the several tracks of the company. Twohorse cars will be placed on the Fourteenth street line, and they will run from the boundary to the avenue and thence to the east side of the Capitol. The cars have already been ordered from New York. Other improvements have been authorized by the directors.

The company have been remarkably fortunate with their horses during the heated term. Notwithstanding the immense increase of travel consequent on the indisposition of people to walk, only nine horses have died. This is owing in a great measure to the excellent treatment of the horses in driving and watering.

EXPERIMENT FOR CLEANING THE CANAL .-The plan of Mr. Thomas, a civil engineer for cleaning the canal, will be tested this afternoon at three o'clock. Mr. Thomas has, by anthority of the City Councils, erected gates across the canal at Twelfth street bridge. It is claimed that by their peculiar construction the vast accumulation of mud and filth in the canal will be washed into the river, and that this reservoir of stenches will thus again be made useful for commercial purposes. We sincerely trust that Mr. Thomas's most sanguine predictions may be realized, but doubt a trust of the game will effect the desired.

DISTERSSING CASCALTY .- Mr. Eli D. Howard was drowned on Thursday last, (13th inst.,) while endeavoring to cross Broad creek, at the ford near Bristow's Station, during a heavy freshet. Mr. Howard was a native of Frederick county, Maryland, but has lived a great portion of his life in Washington. He was very much esteemed by all who knew him, and his sad death at the early age of twenty-four years has filled all hearts with sympathy and sorrow. At the time of the accident be had under his charge a wagon and four horses, of which two horses and the wagon were carried away by the flood, and lost.

BATTERY REVIEWED.—Gov. Tod, of Ohio. accompanied by General Wright and Mesers. Wetmore and Lewis, military agents of the State, reviewed the 12th Ohio Battery, Captain Johnson, on the parade ground near Camp Barry, Saturday morning. Gov. Tod addressed the men, urging it as a daty to sustain the Government, and assuring them that their services were appreciated at home-for though there were those in Obio who sympathized w threbellion, the mass of the people were loyal, &c.

BURBAU POR PAYMENT OF SUTLERS' CLAIMS. It is not generally known a bureau for the payment of sutlers' claims is now in operation in the Treasury Department. All stoppages of soldiers' wages by the regimental sutlers are examined here. There are numerous instances where sullers fall to produce well-authenticated vouchers, and in these instances the amount claimed returns to the United States.

rick Murphy. Complaints having been made that parties were accepting bribes from drafted men, in order to get them before the Board of Eurollment, Capt. Scheetz this morning placed guards among those waiting outside, and the result was the capture of a man named Thos Lister, who says he is from Baltimore. John F. Hopkins, a drafted man, testified that he was anxious to get in, and Lister offered to accommodate him for the sum of \$25. This Hopkins thought was too much, and finally an agreement was made for \$10, which amount was handed over to Lister. Upon a hearing before Capt. Scheetz the latter acknowledged that he had accepted the bribe, and he returned the

Lister was committed to the central guardhouse to await the preferment of charges against him by Capt. Scheetz. The accused is an elderly man. He is not in the employ of the Board of Enrolment, but was no doubt one of the outside operators, whose attempts to pass drafted men in for a consideration, have caused those connected with the Board to be stigmatized as acceptors of bribes. Lister says that he considered the transaction between himself and Hopkins a perfectly legitimate

\$10 to Hopkins.

Among those exempt this morning on account of disability was Frs. Burke, the coachman of President Lincoln. Andrew McNeill claimed exemption on the ground of alienage, and yet on investigation it was proved that he had been in the country

since 1854, and that he has been in Government employ for a number of years. He is at present employed by the Government as a watchman at the wharf. The fact, however, that he had never taken out papers was clear, and the Board of Enrolment were therefore obliged to exempt him.
